

# Wingnuts

"We have all kinds of jobs. Avionics, airframe & powerplant, sheet metal, interiors, and if you put 100% into it, there are great advancement opportunities throughout the aircraft industry."

-Al; Mobile, AL

"After high school, I didn't really know what I wanted to do. I'm really mechanically inclined and I heard about this training. Once you get this license, the doors are open. I'm taking it to the sky!"

-Jonathan; Fairhope, AL

### Getting Off the Ground.

Visit the web or call us today to get the application process rolling.
